Skills

- Data Science**
 - Python
 - SQL
 - Power BI
- Others**
 - Git
 - Communicative skills
 - Team leadership

Languages

Spanish – Native.
English – C1.
Japanese – N3.

Summary

Data scientist with experience in developing projects focused on helping disabled people, as well as taking the leading position in projects developed in several academic and non-academic environments.

I am a driven and proactive person, who often ends up researching and quickly learning new topics out of curiosity, so I can apply them to new projects and keep constantly improving.

Education

Advanced Data Science (Minor’s degree) | *Universidad de Santiago de Chile* 03/2021 – 08/2023).

I participated in several group projects related to Data analysis, Machine and Deep Learning modeling and tuning and project presentation, taking the leading position in regards to the majority of the coding related tasks.

Currently working on a paper on the topic of Data analysis using FAMD on datasets.

English Pedagogy | *Universidad de Santiago de Chile* (03/2020 – 08/2023).

Underwent practicums at a public school as an assistant teacher, also worked as a private tutor of English, Japanese and Programming.

I collaborated in several projects related to child psychology and education.

Computer Engineering | *Universidad de Santiago de Chile* (03/2017 – 03/2018).

Worked in several personal projects related to disabled people’s assistance.

Specialized in the construction of databases and programming related concepts in general.

Courses

Power BI Beginner to Pro Workshop – Pragmatic Works – (09/2023)

Python Data Structures & Algorithms + LEETCODE Exercises – Scott Barrett.
